1977 SEP 26 PM 3:35

FROM : Department of State

DATE:

SUBJECT : List of Political Detainees

REF

Enclosed is a listing of human rights cases submitted to the Department by the Argentine Committee on Human Rights in Washington. The listing was raised by President Carter during his White House conversation with President Videla on September 9. At that time, President Carter noted that the accuracy of the list could not be determined by the US, but it was of concern to the US. He further said that the State Department would make the list available to the Argentine government.

Action Requested: Please present the attached list to the Working Group on Human Rights at the Argentine Foreign Ministry, and request that we be informed of the Argentine government's evaluation of the list and whatever information is available on individuals mentioned.

CHRISTOPHER, ACTING

Enclosure: As stated.

ARGENTINA PROJECT (S200000044)

MEMORANDUM FOR THE RECORD

HENDON

COORDON

PEH

WORKER FROM VILLA CONSTITUTION
MAYANF006-88 AS PROV

[illegible][illegible]

1. The first step in the process of identifying a problem is to recognize that a problem exists. This is often done by comparing current performance with a desired state or goal. If there is a discrepancy, a problem is identified.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

1. The first part of the report is a general introduction to the project, which includes the objectives, scope, and methodology. This section is followed by a detailed description of the data collection process, including the sources of data and the methods used to collect and analyze the data.
